

## **Values:**

### **1. Gospel Transformation:**

We have faith and hope in the person and work of Jesus Christ. God's glory and the Gospel are the motivation that compels us to make disciples of Jesus in our church, community and to the ends of the earth. We desire a great multitude of every nation to be filled with the amazing joy and transformation of the Gospel, and to become mature disciples who reach others with the good news of Jesus Christ.

### **2. Persistent Prayer:**

We trust that through prayer God will align us with His sovereign will. Through His power we will make wise decisions and see our church mobilized to make disciples. Persistent prayer will be the first response and ongoing lifestyle for our church body and missionaries so that Jesus will be known throughout the earth.

### **3. Deep Relationships:**

We go deep with our missionaries and partner organizations through intentional communication and mutual encouragement. We want to understand how God is working through them and what their needs are, as well as supporting them with prayer and with people sent to visit and encourage them. We will share and celebrate the stories of God's transforming power.

### **4. Joyful Sacrifice:**

We believe that the giving up of personal comfort and possessions in this short life for God's glory will reap an eternal reward far greater than we can imagine. We will follow the Spirit to give time, financial resources, talents or other gifts, which are entrusted to us. We will be a church that joyfully sacrifices for the advancement of Christ's kingdom among all the nations.

### **5. Everyone Engaged:**

The Great Commission is for all believers and we want everyone in our church family to be engaged, whether going to other nations, supporting our missionaries from home or mobilizing other believers. We will also welcome foreigners into fellowship and reach the nations by building relationships with those God has brought to our doorstep. We want enthusiastic ownership of this mission by equipping everyone and valuing every role in making disciples of all nations.
